About Passport Learning

Passport Learning delivers highly effective and scalable literacy intervention solutions to help elementary, middle, and high school students master the fundamental skills of reading and math. Passport products use a research-based approach that is proven to generate significant and sustainable gains for students of all ages and abilities.

This award-winning software provides an individualized and engaging experience for students, and a comprehensive set of monitoring, management, and reporting tools for teachers and administrators. Passport deploys its literacy intervention solutions to schools throughout the United States.

Understanding the Reading Pyramid

▶▶▶▶ Steps to Reading Proficiency

- Phonemic awareness
- Sound-symbol association
- Phonics and decoding
- Comprehension
- Automaticity

Steps to Reading Proficiency

Academy of READING® offers a structured and sequential intervention program that helps struggling students become proficient readers. Students develop fluency in foundational reading skills through focused training in phonemic awareness, sound-symbol association, phonics and decoding, and comprehension. Academy of READING is the only intervention solution that trains subskills to the level of automaticity by measuring pace and accuracy, enabling students to realize permanent gains and master foundational reading skills for life.

Silent Reading Comprehension Training

- 10 groups of silent reading passages, covering both junior and senior topics. Includes exercises to develop the student's understanding of
 - Main Idea/Theme
 - Author's Purpose
 - Detail
 - Sequence
